

NOTE:

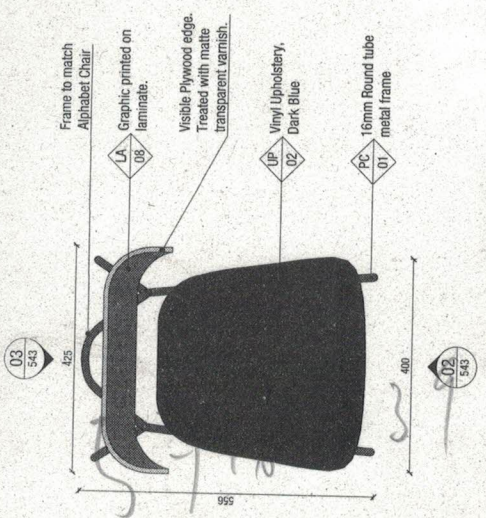

- Drawings to describe design intent only
- Manufacturer to review and confirm all structural, support and fixing details and issue UTXUS with shop drawings prior to construction.
- Contractor to ensure double folded-stitch for the seat and use same colour thread as per the vinyl
- Use Transparent glue to laminate.
- All furniture edges to be 2mm radius.
- Special attention to be given to metal sharp edges.
- Foam Density: 60-65N (Newton's)
