

| | | |
|-----------------------|---|--|
| Product Name | oxygenerator-5L | oxygenerator-10L |
| picture |  |  |
| Oxygen Flow | 1-5LPM | 1-10LPM |
| Oxygen Purity | 93%+3% | |
| Power Consumption | 320 W | 720 W |
| Output Pressure | 50- 70 Kpa | |
| Noise Level | 45dB(A) | 55dB(A) |
| Alarm System | Power failure alarm, compressor failure alarm | |
| Net Weight | 16.5 Kgs | 20.1 Kgs |
| Gross Weight | 19.6 Kgs | 23 Kgs |
| Operating Temp | 5°C- 40°C | |
| Dimensions(L^W*H) | 430*320*620mm | |
| Carton Size (L*W*H) | 500*370*710mm | |
| Equip. Classification | Class II Type B | |
| Power Supply | 230V, 50Hz or 115V, 60Hz | |
| Optional | Concentration display& low oxygen alarm, low& high flow alarm, nebulizer, dual flow and 2-5 way splitter. | |
| Highlights | <p>Oxygen concentration display</p> <p>Nebulizer optional</p> <p>Durable sieve bed</p> <p>Easy to maintain with modular design</p> <p>Easy replacement of filter</p> <p>Time accumulation</p> <p>Audible and visual alarm:</p> <p>Low oxygen</p> <p>Power failure</p> <p>Compressor failure</p> <p>Low& high flow</p> | |
| CE | YES | |
| NMPA | YES | |
| Delivery time | 1000 sets will be delivered within 15 days after full payment arrives | Delivery will take 25 days after full payment arrives |
